Swiss export documents required

- 1. Copy of the photo page of your passport**
- 2. Address at destination**
- 3. U.S. Social security or visa number(if your shipment goes to the US)**

Please send scanned copies and note that we do not require the originals. These documents are required by Swiss customs and are therefore obligatory. Without them your goods cannot leave Switzerland and there would be delays and additional charges so please let us know immediately if you think you will have any difficulties with providing the documents. When completing the customs inventory I advise you to use the re-sale values of the goods as opposed to replacement values. The re-sale value would normally correspond to 50% of the purchase value. This form is merely to give customs authorities a rough idea of the commercial value of the goods been shipped for statistics purposes.

Please let me know if you require any further information or clarification.

Yours sincerely,
