

*International Moving & Transport*

**Customs documents required from Switzerland to France**

- **Copy of national identity card / passport of Mr. & Mrs..**
- **Proof of residence in France (utility bill, etc.)**
- **Copy of the departure certificate from the population office (for Mr. and Mrs. with date of arrival and date of departure for France).**
- **A valued inventory (attached).**
- **The duly completed CERFA form (attached).**
- **A certificate of non-resale (attached).**
- **Customs representation mandate (attached).**
- **Certificate of title of vehicle (if you import a vehicle).**

Please send copies and note that we do not need the originals. **These documents are required by Swiss customs and are therefore mandatory.** Without them your goods cannot leave Switzerland and there would be delays and additional costs, so please let us know immediately if you think you are having difficulty providing these documents. When carrying out the customs inventory, we advise you to use the resale values of the goods as opposed to the replacement values. The resale value would normally be 50% of the purchase value. This form is simply intended to give customs authorities a rough idea of the commercial value of goods shipped for statistical purposes.

***If applicable:*** Please provide a separate inventory for alcohol\* (with number of bottles, type of alcohol, liters, degree of alcohol and price) and for work art/pictures\*\* (quantity, dimensions, author, title and value) and add them to the valued inventory below.
